

10 Unique Honeymoon Experiences

Our Honeymoon Experiences escape the bright lights, polluted days and late nights. Join us for an experience you will never forget. The below Honeymoon experiences are one of a kind and specially designed for couples who want to create special memories for a lifetime.

1.) Dance to your own Private Musicians

Set on a background of music and love, along with a private dinner, get dissolved in the soothing song and dance into the night with your beloved.

2.) Experience a private royal signature couple massage

Enjoy time together with your partner, with carefully crafted couple massage packages made for you and your loved one. These massages are designed to relax the mind and soothe the body with healing stones, salt glows or body scrubs.

3.) Romance in the skies

They say an experience shared is an experience doubled and a hot air balloon ride for 2 is the ultimate adventure to embark on with that special someone. So, when considering that special gift, you may have it all, but you haven't done it all until you have been ballooning.

4.) Enjoy Candle lit bush dinner

Enjoy a meal on a richly decorated table surrounded by lowly lit lanterns and unending bush in the heart of the forest where no city lights would trouble you.

5.) Starry Night Boat Ride

Venture out under the starry skies in a motorboat and enjoy a drink on the placid waters to the sounds of the surrounding nature.

6.) Castaway Picnic on a deserted island

Enjoy isolation with your loved one on a remote island complete with picturesque tent with flowing nets and comfortable cushions. Right beside you is a gourmet picnic, the person of your dreams and mini bar of your choice. Swim, sunbathe, sleep and enjoy a day together.

7.) Try a couple cooking class

Enjoy fascinating insights into local life, beliefs and culture through learning about its food, cooking and culinary myths. Indulge with your partner in learning about exotic herbs and spices used in ceremonial and everyday local dishes.

8.) Take a couple wood carving class

Enjoy a recreational class of wood carving and create your own souvenirs to remember your honeymoon with. Participants are introduced for some of the basic concepts behind modeling objects in wood and carving techniques. Under the watchful eye of instructor, you along with your special someone can carve a simple object out of wood individually and carry them with you as a memento.

9.) Spend an afternoon wine stomping in the vineyards The tasters of life will agree on one thing: nothing will spell romantic more than walking along the footpaths of vineyards, stomping to the background music and of course, get a sip or two of those world's finest wines. Therefore, we will arrange your honeymoon to taste romance and wine at the same time.

10.) Watch the alluring sea-life together There could be nothing more delightful than to stare at the beautiful coral or a giant whale shark with your partner. Enjoy the abundance of beautiful coral reefs and rich marine life, where you can snorkel alongside whale sharks and manta rays.
